EDUCATION

Full-Stack Web Development
University of Texas, Austin

Graduated the 6-month Full-Stack Web Development boot-camp. Built upon previous knowledge and also developed new skills in current development best-practices, and utilization of current dev technologies. This program focused on Javascript-based web development.

Computer Science   08/2018 – present
Austin Community College

I am currently working toward a Bachelor's degree in Computer Science.

STRENGTHS

- Dependable
- Problem solver
- Self-motivated
- Efficient Communicator
- Team Player
- Fast Learner
- Detail-oriented
- Persistent

WORK EXPERIENCE

Self-Employed / Student   07/2018 – present
Green Kingdom Lawn Care, Austin, TX

While in school and during the University of Texas Coding Bootcamp, I have been self-employed in the lawn care industry as well as working part time at UPS from July 2018 - July 2019.

Assistant General Manager   09/2017 – 07/2018
Newk's Eatery, Austin, Texas

Worked in multiple locations owned and operated by the same franchise group. At each location:
- Managed diverse teams of 12-20 people in high-volume and fast-paced environments
- Developed new talent and coached team-working skills
- Reduced labor cost - positively impacting profit margin
- Controlled inventory and reduce COGS to maximize profit potential

Associate Manager   10/2016 – 09/2017
Newk's Eatery, Houston, Texas

General Manager   03/2014 – 09/2016
Pickleman's Gourmet Cafe, Springfield, Missouri Area

Responsible for all operations of the restaurant such as:
- Ensuring adherence to brand/company standards and image
- Grassroots marketing efforts
- Team development
- Cost of goods and labor expense control
- Inventory management/loss-control
